Design & Advertising Solutions

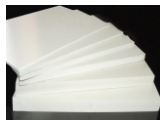

Sign Material Options

Self Adhesive Vinyl
Suitable for interior & exterior use. For a good bond ensure the surface smooth, clean and non-porous.

Correx
Suitable for interior & exterior use. This fluted lightweight PVC material comes in 5mm or 10mm thicknesses. Ideal for temporary site signage.

Foam PVC
Suitable for interior & exterior use. 5mm or 10mm thicknesses available.

Aluminum Composite
Suitable for interior & exterior use. Relatively lightweight material consisting of a polyethylene core and aluminum cover sheets . No scrap value.

The aim of this catalogue is to aid site managers relay required site signage information to their set buyers. All buyers with internet access can upload the order to us on our website. Orders can also be placed by phone or fax.

All signs are coded for reference. Please select a material and size option and let us know if you require your sign to be branded with your company logo.

The custom worded section allows you to select the required colour and add any message that you do not find catalogued.

Your sign order will be delivered direct to site within 7 working days of your order being placed.

If you have the requirements for an individual sign which is not catalogued please contact us direct and we will assist you in creating the sign.

Many Thanks
